As a popular and successful school, with a growing Sixth Form we are always excited to strengthen our staffing team with an early career or experienced teacher.

The post will involve the teaching of Film Studies GCSE and A Level (Eduqas specification), and possibly some Key Stage 3 teaching of students in our personalised Arts pathway. All courses are well resourced with schemes of work already available.

Therefore, we are looking to employ a well qualified teacher with a record of delivering high quality lessons with excellent student outcomes, or a recently qualified teacher.

For an exceptional, experienced candidate with a strong record of delivering exceptional outcomes and experiences for students a Teaching & Learning Responsibility payment will be considered.

In September 2015 the school moved into an award-winning new building, where subjects are taught in specialist rooms or in our Sixth Form building, where Film Studies is based. The whole school team is very supportive and expectations for students are high. We provide iPads for every member of staff to adopt in their teaching practice and all Sixth Form students have been provided with one since September 2024. Not only have iPads further enhanced our excellent teaching and collaboration, they have also provided new ways to manage feedback and assessment. For Film Studies, iPads also mean that A-Level students have access to a personal film and editing device, as well as our classroom set of Mac desktops and fully featured green screen room and live editing suite.
